KIDS INFORMATION

Dear Moms,

We are so excited for your child/children to be joining MomCo Kids! The goal of MomCo Kids is to help your children learn about God through His Word. It is a great place to make friends and have a lot of fun! Your child will be assigned to a classroom based on their birthday, so they will be with other kids their age. Their teachers are professional childcare workers who have special lessons planned each week to help them learn more about God! Below are a few reminders to help your children have the best experience possible!

- Please try to drop off on time. We understand that this is not always possible, but the closer we stay to the scheduled drop off time the easier it is for your child and the other kids in the room to start having fun! Drop off is from 9:00–9:30 a.m.
- When you drop off and pick up your children, please knock on the door and wait for the teacher to greet you. Please do not go into the classroom, as this keeps everyone safe and minimizes disruptions for other children.
- Please fill out an instruction card (located outside of each classroom) and give it to the teacher when you drop your child off. You can put your cell phone number and any helpful instructions for the morning.
- It is easier for both the children and the teacher if you leave quickly with a kiss and a hug. The teacher will find you if your children need you.
- Please keep your children at home if they are not feeling well or have a runny nose, bad cough, rash, skin infection, communicable disease or have a bad fever, diarrhea or vomiting within the past 24 hours.
- Please clearly label everything that belongs to your child. This helps the teachers keep track of everything for all children.
- Please bring enough disposable diapers for the morning (no cloth diapers in the nursery, please).
- Please pack an extra change of clothes in case of an accident.
- There are many toys to play with in each classroom. Please leave special toys at home so they do not accidentally get lost.
- If your child is an infant, please bring bottles of milk or formula so the teachers can feed your baby while you are away. You are also welcome to nurse your child in our private nursing room (the teachers can show you where this is located).
- Please do not pack a lunch, as the children will be provided a snack and water in the morning.
- Please tell the teachers if your child has a serious allergy or feeding problem. Please also list it on the sign in card.

Thank you for bringing your children to MomCo Kids! They will be well loved and taken care of!

Cultivating a Family that Loves and Likes Each Other

In 20 years of marriage, coaching and building a family they have moved 8 times in the athletic profession. Transition has been a substantial part of her life and spiritual discovery with God. How to Create a Culture of Joyful Reading in the Home

KARIS BRISCOE

When Karis Briscoe had her fourth child, her oldest child was five. Reading to and with their young kids became a refuge of connection and quiet. When her brain was too foggy to think of the right words, she simply needed an open lap, open arms and an open book. An experienced and creative author worked deliberately for months, possibly years, to create this story. All she had to do was read it for the little listeners around her. Reading became one of her best partners in parenting. Karis is passionate about creating a culture of joyful reading in her home and helping others do the same. How do we set our children up to love learning, hopefully for their whole lives? What are good first chapter books to read aloud? Which books are the perfect laugh-out-loud Dad-reads at bed or mealtimes? You read at mealtimes? Karis cannot wait to connect with you at MomCo over these questions and more. Parenting can absolutely feel over-resourced and overwhelming. Know that you have a simple, beautiful tool that has been used for centuries to instill virtue, deepen connection, widen vocabulary, cultivate critical thinking and ...it's free. All you need is an open lap, open arms and an open book. Let's discover how to use this tool together.

Schooling Decision Q&A Panel

DIANE BECKHAM, EMILY RUDOLPH & LAUREN BURNS

Diane Beckham is grateful to God for calling herself wife to Grant (celebrating 20 years this November) and mother to Noah (14) & Maggie (11). She's a Registered Nurse and currently loves working at The Covenant School of Dallas, but spent her first 12 years of motherhood at home with her kids and homeschooling them. She loves her Savior Jesus, traveling with her family, reading classic literature, baking and gardening when she has time, and holding babies (and actually misses the stage of life that you sweet mamas are in right now).

Emily Rudolph met her husband, Travis, at their church and have been married 15 years. They have two kids: Charlotte (11.5) and Henry (9). Emily worked a corporate job and then in their church prior to staying home with their kids. Charlotte and Henry attend The Covenant School. Random fact: Growing up as a military child her family lived in 9 places and she attended 3 different high schools!

Lauren Burns is a longtime Lake Highlands resident, happily married to her high school sweetheart, Michael, for 20 years. She is a proud mom to three children - ages 14, 11 and 6 - who attend their local public schools. Lauren and her family are active members of Watermark Community Church and enjoy traveling together whether it be relaxing on the beach or exploring a National Park. When she's not driving carpools or cheering on her kids at their various activities, she enjoys a friendly game of mahjong, Tex-Mex and cheering for the Aggies!

Moms + Money: Discover Meaningful Motherhood Without Buying One More Thing

SHAWNA SULLIVAN

Do you feel the pressure to “do it all” or “have it all”? So often on our quest to find meaningful motherhood, we look to the “next phase”, “next vacation”, or “next purchase”. This leaves us looking like we have it all together on the outside while on the inside we are burdened with stuff, longing for more, and exhausted from it all. But what if instead, we could learn the freedom that comes from viewing motherhood through the lens of biblical stewardship? What if we developed healthy ways to spend our days while passing down holistic stewardship principles to our kids from the very beginning? In this session, Shawna will help moms identify their spending personality, discover meaningful motherhood without buying one more thing, and leave with the reminder that God is their generous provider in all seasons.

Depending on the Lord in Motherhood

GIGI HORNBERGER

Gigi has been married to her wonderful husband, Willie, for 35 years. They have three adult children - Jake (married to Whitney), Allie (married to James), and Claire (married to Jack). Each of them has brought such joy into their lives, and now they're in the sweet new season as grandparents to two precious (and very busy) two-year-olds. While their life today is full of joy, the early years of marriage were anything but easy. They walked through grief, conflict, and a lot of learning the hard way. It was in that first difficult year that Gigi came to truly understand that God's way is better than hers - and that she could trust His Spirit and His Word to guide, comfort, and equip her. Scripture became her anchor, helping her to see her need for His grace and teaching her how to walk in it. Gigi spent 25 years in Bible Study Fellowship as a student of God's Word, which deeply shaped her faith. Later, she served as the Director of Women's Equipping at Watermark Community Church, where she had the joy of leading and organizing women's Bible studies for nearly a decade. In 2023, she stepped away from staff life to focus on a new ministry close to her heart: grandparenting. She is still actively involved in the Women's Bible Study at church and continues to find joy in encouraging others through God's Word.

APRIL 27

Celebrating Around the Table

AMY SITZES

Amy Sitzes is the creator behind Celebration Settings, a digital resource where she provides faith-filled table settings and discipleship tools for meaningful family moments. Between her love of celebrating, coupled with her experience in discipleship, children's ministry and teaching has led her to create Celebration Settings. Her hope is for children to learn the joy of celebrating while looking for God in the Celebration. Amy is a graduate of Texas A&M University and received a Masters in Education from Dallas Theological Seminary & she and her family live in Abilene, TX.
